Free Onboarding

I was very happy with the onboarding process of Lodgify, they took me through the setting up of the system, very methodically, and ensure that the channel managers were linked up and working. The helpdesk responds very quickly and provides great customer service.

All-in-one tool

We chose Lodgify for it's multi-channel support, remote lock integration, website builder and mobile phone support – all that was delivered as expected. In addition, the onboarding and post-launch support, as well as customer support has exceeded our expectations!

Steven Wade B.
My Airbnb business under control

We went from only being listed on Airbnb to controlling our own bookings! Now we offer direct and Vrbo bookings easily with Lodgify. Their support made the transition smooth, and we now manage everything from one place. Lodgify's features and support have made adding another property possible.
